

France's supplementary retirement pension funds are required by law to withhold health insurance, General Social (CSG), Social Debt Repayment (CRDS), and Additional Autonomy Solidarity (CASA) contributions from the entitlements they pay to their members (*).

Depending on **your circumstances**, you may qualify for an exemption from one or more of these compulsory withholdings. Please review the table below and, if needed, submit the required document(s) (you may also be asked to supply additional documents). If you do not apply for an exemption, all of the withholdings below will be deducted from your pension. If you qualify for any of these exemptions at a later date, you will need to notify us of this in writing, attaching the required proof of exemption.
